Jeryl and Dave,

Here is the revised PP in full lay-out. I will perform a detailed review to ensure all the changes we wanted were made. You are welcome to do the same, but let's set ourselves a deadline of noon tomorrow to get any final tweaks back to lay-out. I want to have it finalized and starting the concurrence routing by COB tomorrow. Sound good?

Hi Dante,

Here is the most up to date Anaconda Proposed Plan fact sheet with the changes I had made to adding the photo you had sent to me and thank you for that. Let me know if you have any questions or concerns regarding the layout. Also, I didn't finish making the specific words bold. Did you want to continue keeping the words in bold or unbold them?

Hi Dante,

Sorry for the delay. I added the table of contents and I had to rearrange the entire layout to make content and images fit. I even checked the page numbers to match as well. The only problem we have right now is page 14. Half of the page is blank because there isn't enough information to fill it in. Do you have any additional images or information to add between pages 11-14? Sorry for the trouble and thanks!

We do want the table of contents to be in the Proposed Plan. Keep it small, doesn't need to take up a lot of room.

Hi Dante,

Thank you for the revised text. Per our conversation from today, you wanted this to be done by the end of today, however, there are a lot of adjustments need to be made, in addition to the updated images. I am 90% done. I just need to work on the images, and make adjustments to the last page since I had to add three more pages for it to become a booklet and then I will send another updated draft to you by tomorrow morning. Would that be alright? I am out at 5pm today, but I will be in at 8:00am.

One question I have which I forgot to ask you over the phone. The table of contents you have on page 2 in word document, that isn't supposed to be in the Proposal Plan, correct? Is it just a guidance?

Thanks again and have a good evening.

Hi Cheryl,

Yes, we like the layout. Attached is the revised text for you to insert, replacing the previous text. See my various instructions in [purple] where I note something about layout. I will forward to you the revised figures in a subsequent email. Let me know if you have any questions. I assume

the edits will take you maybe a couple days? Let me know approximate timing. Thanks Chery – you are awesome!

Hi Dante,

Sure, no problem at all. Just send it over when you get the revisions. As for the layout, is everything okay?

Happy Halloween!

Hi Cheryl,

Just letting you know that we are running about a half day behind. Wasn't able to get the revised text to you at the end of Friday. We are working on getting it to you by noon today. Thanks for your patience!
